Options

2) Short Description

For Sale: Efficiently distribute corn evenly with the Holaras MES 470-H-140-F. This innovative solution makes it possible to distribute incoming maize quickly and very efficiently, so that waiting silage wagons and tippers are a thing of the past. The Holaras MES 470-H-140-F has been designed with an eye for quality and durability. The blade is made of high-quality material and can be easily operated using the hydraulic control.
